Monitoring Violations Annual Notice - Template 3-1B

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER

Monitoring Requirements Not Met for: CITY OF BLUM

Our system failed to collect every required coliform sample. Although this incident was not an emergency, as our customers, you have a right to know what happened and what we did (are doing) to correct this situation.

We are required to monitor your drinking water for specific contaminants on a regular basis. Results of regular monitoring are an indicator of whether or not our drinking water meets health standards. During [compliance period month(s)] we ['did not monitor or test' or 'did not complete all monitoring or testing'] for coliform bacteria and therefore cannot be sure of the quality of your drinking water during that time.

What should I do?

There is nothing you need to do at this time. You may continue to drink the water. If a situation arises where the water is no longer safe to drink, we are required to notify you within 24 hours.

What is being done?

[Describe corrective action, for example: We collected every required coliform sample in [month and year] and are no longer in violation.]

For more information, please contact [name of water system contact] at [water system phone number] or [water system business address].
